1	We are interested in whether the supporting documentation to be submitted with the offer, such as, the certificates issued by the competent institution (Tax administration, commercial court etc.) must be original or we could submit copies?	According to the rules of Practical Guide to contract procedures for European Union external actions, documentary evidence i.e. supporting documents may be originals or copies. Corresponding originals must be made available to the Contracting Authority upon request. All supporting documents (registration of the company, power of attorney etc.) in other languages than English must be accompanied by an English translation. Although a certified translation is not required, the Tenderers are fully responsible for the accuracy of the translation. Errors in translations that could lead to misinterpretation and have an impact on the outcome of the evaluation may be treated as misrepresentation.
